COMPLETE YOUR HD HOME THEATER EXPERIENCE

HD DVD DELIVERS THE FULL 1080P EXPERIENCE.

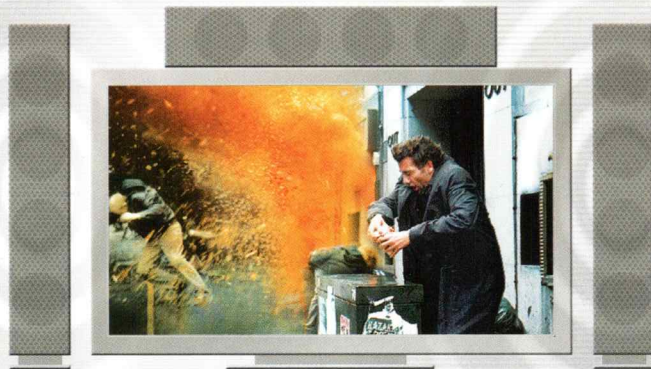

Experience your favorite movies like never before. With pictures so crisp, colors so vibrant, details so enhanced, you'll be part of the action! The greatest high-definition content is now available at today's highest resolution (2,073,600 pixels per frame), 6X that of standard DVD video (345,600 pixels per frame)!

HD DVD DELIVERS UNPARALLELED INTERACTIVITY.

Experience a new level of interactivity that offers additional features including:

- Navigating in real time to change your settings.
- Multiple video streaming allowing advanced features such as picture in picture.
- Instant access to bonus content that relates to the scene while it is playing.

HD DVD DELIVERS TODAY'S BEST POSSIBLE HIGH-DEFINITION SURROUND SOUND.

Enjoy a listening experience so superior, it will take you right into the movie! With an audio stream that's 3 times larger than standard DVD video (1.5Mbps compared to 448Kbps), Dolby® Digital Plus represents the next generation of premier high-resolution surround-sound entertainment.

HD DVD & DVD COMBO FORMAT OFFERS ULTIMATE FLEXIBILITY AND CONVENIENCE.

Complete control of your entertainment experience is just a flip away: Watch the high-definition version on one side of the disc, or flip it and play the standard DVD video! Enjoy your favorite movies whenever, wherever, however you want...on any HD DVD player, PC, or DVD player.
